About Us

The British Academy of Audiology (BAA) is the largest association of professionals in hearing and balance in the UK. Our membership, currently 2200, extends internationally and provides services in both the public and private sector. The BAA was formed in 2004 and drew together representatives of three former bodies, British Association of Audiology Technicians (BAAT), British Association of Audiological Scientists (BAAS) and British Society of Hearing Therapists (BSHT). Its aim was, and still is, to present a single voice, offering clinical autonomy for the audiology profession.

Bespoke Advertising Packages

Due to feedback from advertisers, we would be delighted to put together a bespoke advertising package, tailored to your requirements, which include a variety of advertising options and can be purchased as a bundle. Package features are to be used within 12 months of purchase.

Please contact Catherine.Wilson@fitwise.co.uk for further information.

Website Advertising

The BAA website www.baaudiology.org has an average of 12,000 unique page views per month. Recently updated and converted to a mobile responsive design, the website is a good resource for those interested in audiology in the UK.

The majority of visits start on the Home page and the top pages viewed are:

1. Home
2. Careers
3. Conference
4. News Pages
5. Events / CPD

BAA has an active Facebook Group, Page and Twitter feed.

The Facebook group has approximately 2500 members and no commercial advertising is

permitted on the Social Media of BAA; however, we use the media to drive traffic to the website. The Twitter Feed has approximately 3500 followers.

By advertising in the BAA Horizons Newsletter you will have access to our Social Media followers as the newsletter link is posted there each time it is published.

Over 30% of visitors to our website are from links via Social Media.

Website Advertising Rates

Email Advertising

3. BAA Horizon Newsletter

BAA launched a fortnightly newsletter in 2015 – BAA Horizon. The newsletter is emailed fortnightly to all BAA members (approximately 2000 contacts).

The newsletter has an open rate of over 40% and a click through rate of over 25%. We continue to monitor these rates and are able to give advertisers/potential advertisers updates as required.

The newsletter was launched after advertising emails were receiving poor responses from members and, in turn, affected the response rate for advertisers. The Horizon is emailed fortnightly on a BAA branded template and includes sections for job adverts, courses, events, news and technology updates, as well as a social media summary. The newsletter is also placed on the website for non-members to access and is promoted via our social media channels. The newsletter has quickly become our 4th most visited page on the website. To view previous issues of the Horizon visit: <http://www.baaudiology.org/about/publications/baa-horizons>
