

**BRITISH ACADEMY
OF AUDIOLOGY**

BAA Membership

Join the
British Academy
of Audiology
and be a part of the
future of Audiology

Formed in 2004, the British Academy of Audiology is the largest association of professionals in hearing and balance in the UK. Our membership extends internationally and our members provide services in both the public and private sector.

BAA's vision is to provide a clear and strong voice for professionals in Audiology and to promote excellence in clinical knowledge and practice.

Membership is open to all grades.

**Full members only*

Members area of the website

The password-access area of the website is developing to be a one-stop-shop for all the support you may need in your career in audiology. The latest news and guidance documents; research and best-practice; online training, presentations and resources. This resource will develop further each month.

Higher Training Scheme

Only BAA members can access the Higher Training Scheme (HTS). The HTS aims to build on the skills audiologists already have, but to train them to a higher level to enable them to work in specialist clinical areas such as paediatrics, vestibular assessment, and tinnitus counselling. More information can be found online or in the HTS leaflet.

Continuing Professional Development

As well as special member prices to attend the largest UK Audiology conference and regional meetings and support, membership gives access to the online CPD reflective practice help and documentation. The members area of the website can be used to reflect on training, reading and other CPD activity.

For more membership details, including prices and information on how to join, please visit the BAA website: www.baaudiology.org
