

Calling all Hearing Aid, Cochlear Implant & BSL users!

Do you play cricket?

Do you have a hearing impairment?

England Cricket Association for the Deaf (ECAD) provides a wide variety of opportunities for those with a hearing impairment, ranging from a youth academy, through regional friendly cricket, regional tournaments, a Disability County Championship, which includes Deaf cricketers, and all the way up to the pinnacle, the England Deaf team.

There are lots of matches and events, indoor coaching through the winter months and some incredibly exciting indoor tournaments.

ECAD warmly welcomes all - BSL users, those who are a mix of oral and BSL, those with Cochlear Implants and single or double hearing aid users.

We would love to hear from you!
