

Welcome to the MED-EL page within the CI Champions Newsletter.

### CI Champions MED-EL accreditation training - 'Beyond Hearing Aids'

We are excited to announce that we are launching our 'Beyond Hearing Aids' training course. This training is particularly aimed at CI Champions who would like to develop their knowledge and confidence with MED-EL cochlear implants, processors, and counselling patients. You will also be introduced to our catalogue of support tools and the Hearpeers network.

The course will be run regionally and is a mix of interactive activities, hands-on sessions, and informative presentations. At the end of the course, you will receive a MED-EL accreditation certificate, and your CI demo kit.

For further details, or to register your interest and reserve your place on a course, please come and speak to us at BCIG or email the Business Development Team at [businessdevelopmentuk@medel.com](mailto:businessdevelopmentuk@medel.com)

Blend in.....STAND OUT!
