

WHO SHOULD I REGISTER WITH?

If a graduate is employed as an Audiologist in the NHS, it is recommended they pursue registration as an Audiologist with the appropriate register, and not the HCPC as a Hearing Aid Dispenser.

If they are working in the private sector, then HCPC registration as a Hearing Aid Dispenser is mandatory.

It is important to note the difference between an Audiologist and a Hearing Aid Dispenser.

Key
 HCPC - Health and Care Professions Council
 AHCS - The Academy for Healthcare Science
 ACS - Association of Clinical Scientists
