## Paediatric Assessment: A Refresher Course

An Introduction / Update for Behavioural Testing in Paediatric Audiology

### Comments from the 2016 course delegates

“Brilliant for anyone who is new to paediatric audiology, or who wants to refresh their knowledge.”

“So much valuable information and resources.”

“Delivers what it promises.”

**Cost of course:**  
**£298**

**Booking deadline:**  
**Tuesday 10th**  
**October 2017**

**Tuesday 7th - Thursday 9th November 2017**

**Phonak UK Ltd, Sonova House, Lakeside Drive, Warrington**

In conjunction with

**THE PHONAK ACADEMY**

**This is an introductory course to Paediatric Assessment (Behavioural Testing). The course is for Audiologists who are beginning to work in Paediatric Testing or who would like an update on current test protocols.**

The course will be of interest to those wishing to gain an insight into Paediatric Audiology or who may be considering running their own service. It is also appropriate as a short focused orientation for non-graduates who may be assisting in paediatric clinics.

The course covers all the main behavioural tests, including speech discrimination testing and VRA using insert earphones and bone conduction. It also includes introduction to history taking, planning the session, calibration and room set-up, management decisions and report writing.

During the course, delegates will receive appropriate national guidelines for Paediatric Testing.

The course does not cover objective testing, advanced practice or assessment of complex cases.

## Accommodation

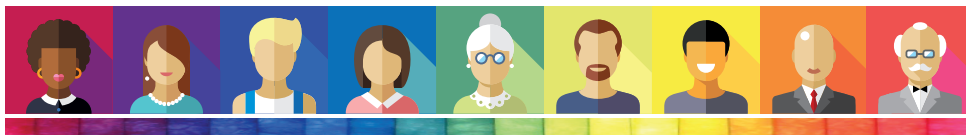

Accommodation costs are not included in the course fee.

Sonova House (Phonak UK Ltd) is situated in Warrington town centre.

'Premier Inn, Warrington Centre' and 'The Village Hotel Club, Warrington' are both a short stroll from the Phonak offices. There are a number of other hotels and bed & breakfast within close proximity in central Warrington.

The course fee includes evening dinner on the Tuesday evening of the course.

Driving into Warrington can be subject to considerable delay during rush-hour traffic. We would therefore recommend, where possible, to stay over rather than drive daily to the course. Where the latter is unavoidable, please leave plenty of time for your journey.

## Course Faculty

**Georgie Hill**  
Clinical Scientist /  
Children's Senior  
Commissioning Manager,  
North Derbyshire, Hardwick  
and Erewash CCGs,  
Chesterfield

**Dr Greg Nassar**
